

Kuldeep Singh

2023291, Email: kuldeep23291@iiitd.ac.in

DOB: Nov 19, 2005

Address: RC-783, Khora Colony, Ghaziabad, U.P., 201301

Education

Indraprastha Institute of Information Technology, Delhi

B.Tech(Computer Science & Economics)
2023 – Present

CGPA: 7.36
(till 5th Semester)

Rajkiya Sarvodaya Bal Vidyalaya, KalyanPuri, Delhi

CBSE
2022 – 2023

Percentage: 91.8

Vanasthali Public School, Noida

CBSE
2020 – 2021

Percentage: 95.2

Skills

Expertise Area	Database Management System (DBMS), Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), System Design Fundamentals, Problem Solving & Analytical Reasoning, Operating System
Programming Language	Java(Strong), Python, C++, JavaScript, SQL, HTML, CSS
Tools and Technologies	Django, React.js, MySQL, Git, Github, Figma, LibGDX, JUnit, TailwindCSS
Technical Electives	Algorithm Design and Analysis, Full-Stack Development, API Development & Integration, Software Testing & Debugging

Internship

Web Developer at [NinexLegal](#)

(May 2025 – Jun 2025)

Guide: Mr Pawan Kumar

- Designing and implementing modern, intuitive UI components using **React.js**, **Vite**, and **TailwindCSS**.
- Focused on creating **scalable, accessible interfaces** to deliver seamless user experiences.
- Actively participated in UI/UX planning, version control (Git), and peer reviews.

Web Developer(Part-time) at [NinexLegal](#)

(Aug 2025 - Dec 2025)

Guide: Mr Pawan Kumar

- Designed, developed and deployed an end-to-end property and legal data management system automating data entry, tracking, and analytics.
- Streamlined legal operations with secure authentication, interactive dashboards, and optimised PostgreSQL schema.
- Tech Stack - **Django | PostgreSQL | Tailwind**

Projects

Angry Bird

(Sep 2024 – Nov 2024)

Guide: Prof. Sambuddho Chakravarty

Team Size - 2

- Built an interactive game using **Java** and **LibGDX**, integrating **real-time physics** and animations.
- Programmed **custom collision mechanics**, object interactions, and smooth user experience logic.
- Demonstrated deep understanding of **OOP**, event-driven programming, and **modular architecture**.

Healthcare Portal

(Jan 2025 – April 2025)

Guide: Prof. Vikram Goyal

Team Size- 4

- Developed a full-stack HealthCare Management System using Django, React.js, and MySQL to manage patient records and appointments.
- Implemented secure user authentication with JWT and designed interactive dashboards for real-time data management.
- Managed entire lifecycle: design → development → testing → deployment.

PeerPulse

(Sep 2023 – Nov 2023)

Guide: Prof. Rajiv Ratn Shah

Team Size- 5

- Designed low-fidelity wireframes and high-fidelity interactive prototypes for PeerPulse — a collaborative study group platform using Figma.
- Focused on responsive layouts, seamless user flows, and accessibility to enhance peer-to-peer learning experiences.

ERP Management System

(Sep 2024 – Sep 2024)

Guide: Prof. Sambuddho Chakravarty

Team Size- 1

- Developed a command-line-based Registration System using Java, demonstrating core Object-Oriented Programming principles.
- Implemented user registration, authentication, and menu-driven data management via terminal interface.

Positions of Responsibility

- Organising Team Member, Digital Delhi Conclave'25 (Feb 2025 – Feb 2025)
- Organising Team Member, E-Summit (Mar 2024 – Mar 2024)
- Volunteer, RIISE (Mar 2024 – Mar 2024)

Awards and Achievements

- **3rd Position in CBSE 12th Board Exam** – Achieved the 3rd highest marks across all streams (Science, Commerce, Arts) in my school during the CBSE 12th Board Examination.
- **3rd Position in Esports (Karwaan)** – Secured third place representing my branch in the inter-branch esports competition held during Karwaan.

- **Ninja Dominator @ Coding Ninjas** — Achieved the Ninja Dominator title for outstanding performance and problem-solving in Coding Ninjas programming assessments.

Interests and Hobbies

- Reading Self-Help and Psychology Books
- Exploring and experimenting with cooking
- Playing and following cricket
